2. **Online:**

Simply click through to your retailer and you'll save automatically on your purchase either by cash back being added to your account, a discount being automatically applied or by using a code at check out.

3. **Storecards:**

You load up a digital or physical card with prepaid credit at a discounted price, before you shop.

4. **Vouchers:**

You can buy digital vouchers, which are emailed to you so you can start saving instantly.
